Midway High School Reunion
Class of 1993 ~ Twenty-Five Year Celebration

Message from the Party Planning Midway Panthers

The idea of planning a party to celebrate twenty-five years since this class has graduated came together during a recent girls trip to Park City, Utah. The girls were not all besties and some were not tight at all in high school. That soon changed.

While on the trip, seven (very loud) girls, all 1993 Midway Grads, decided to have a Prom Revival night. Our dresses had to meet defined 1990's requirements – sequins, bows, ruffles – one or all on the list. (To our surprise, we learned this dress era has been classified as vintage..ouch!) We all brought plenty of curling irons for making waves, dry shampoo for teasing and hairspray for holding our dos. (You know the saying goes, “Tease it to Jesus”) After our hair was set, we slipped into our sequins and the party began. WE had so much fun rekindling our friendship over laughs, cocktails and dancing. Locals kept asking us what we were celebrating and we kept referring to “reconnecting with old friends”. We wanted to reconnect with more classmates and help other classmates reconnect with one another, so we started planning this reunion the Sunday after our Prom Revival night.

We are asking for donations from sponsors, as we need resources to continue securing the venue, band, photographers, caterers, food, bartenders etc. Many of these services require half down in advance. We had 335 people in our 1993 graduating class and three weeks into planning we have over 130 excited to attend and have connected with more than 214 alums on Facebook.

Our team is working diligently to bring folks to the event and keep costs at \$40 for attendees so cost does not prohibit people from attending. Events are expensive and we are doing our best to get things discounted and donated. We have calculated the costs being \$9,000 for this event and any contribution is appreciated.
